## DKH Physical Medicine & Rehabilitation

*We help you maximize your physical potential and Independence*

**Physical Therapy**  
 Our highly trained physical therapists and physical therapy assistants help to reduce pain and restore independence, strength, range of motion and activity to people of all ages who have suffered a physically-limiting illness or injury.

**Occupational Therapy**  
 If you've suffered an illness or injury that has affected your ability to perform the tasks of daily living, work and leisure activities, we can provide physical rehabilitation techniques, as well as therapeutic changes and adaptations to your skills and environment, to allow you to function at your maximum potential and as independently as possible.

**Speech/Language Pathology**  
 Our speech/language pathology therapists utilize state-of-the-art services to provide comprehensive speech and language diagnostic evaluations and interventions for both children and adults.
